- **Framework:** Flutter, Django,
- **Software:** Access, Android Studio, Visual Studio Code, GitHub, Taskade/Trello, Vista TN3270,

WORK EXPERIENCE

Rogue Media – App Develop - Student on Campus (SOC) App – Remote Work 2022

- The mobile app is a social media platform designed specifically for student to meet and communicate with other student in the same field or on the same campus.
- The app was primarily built using Dart and Flutter, with Firebase as the database.
- I converted data from a collage domains API into a json file that was integrated into the mobile app. The json file was used to verify that the users are currently enrolled students, by checking schools' domains to the students email extensions.
- I setup a verification email on the mobile app that validates user through the database.

Legion - Custodian 2021

- Sanitize tables, railings, and Bathrooms and wipe down windows.
- Maintain surrounding lawn and parking lot by cutting weeds and picking up garbage.
- Maintain build by painting and plastering walls, taking out recycle and garbage, as well as mopping floors.

CERTIFICATIONS, TRAINING AND SKILLS

- **Canadian Red Cross Standard First Aid CPR Level C** 2023
- **Workplace Safety Certified in WHMIS** 2021

PERSONAL INTERESTS AND ACTIVITIES

Personal Website – (link to webpage)

- Self-contained and self-managed project that is portfolio worthy
- Reinforce what I learned in my formal education and expand on the topic where I felt my education lacked.
- A portfolio platform in which future projects can be added to.
